## BAND CONCERT

An Excellent Programme Rendered by Home Talent.

The first Concert of the year given by the W. O. W. band of Perrysburg, assisted by local musical talent, was a brilliant success in every respect. The programme consisting of 12 numbers was well rendered and proved very pleasing to the large and brilliant audience.

The band under the direction of Prof. Gus Koehler, rendered three numbers and responded to one encore. They added to their already brilliant reputation as a musical organization by the excellent rendition of the difficult compositions assigned them and the audience showed their appreciation by enthusiastic applause.

The orchestra under the direction of A. C. Fuller as first violin, Leon LaFarree, clarinet, Wm. R. Charles, Jr., cornet and Chester Chappel, trombone, with Miss Bowers accompanist, rendered two excellent selections in a manner that was creditable to themselves and a delight to the audience. In response to an encore they gave a march that was highly pleasing to their hearers.

Miss Aileen Trudeau's mandolin solo was charmingly rendered and was a pleasing number on the programme. She was accompanied with the piano by Miss Bowers.

Misses Ruby Cranker and Lottie Fink gave a piano duet that was a fine composition rendered in a highly creditable manner.

Miss Pfister's piano solo was rendered in an artistic manner and was accorded hearty applause.

Mrs. Dowling's vocal solo was a charming number and was so well received that she was compelled to respond to an encore. She was accompanied by Miss Fink.

The clarinet duet by Leon and Harry LaFarree and Chester Chappel's trombone solo were very pleasing selections and were rendered in very artistic manner.

Miss Bowers and Miss Fink as accompanists are entitled to much credit for the excellence of their difficult and usually unpraised work.

In all the concert was a musical treat which the JOURNAL hopes will be followed by another soon.

## KILLED BY TRAIN

Two Railroad Accidents that End in Death.

In attempting to cross the C., H. & D. tracks at Deshler, George House, aged 70, one of Deshler's leading business men, was struck and instantly killed by the Cincinnati flyer Sunday. The train was going about 30 miles per hour, and threw Mr. House over on the westbound siding under a passing northbound freight, horribly mangleing the body. At one time Mr. House was considered the wealthiest man in this county.

Albert Burgason, aged 44, was struck and instantly killed Saturday by a B. & O. passenger train about two miles east of Hoytville.

Burgason was a timber cutter and had been living in a shanty in the woods near Hoytville, getting out timber for a Findlay concern. He had started for North Baltimore along the railroad tracks, and had stepped off of one track upon another to let a freight train pass. The passenger train approached from the rear and struck him, killing him instantly. The supposition is that Burgason, who was partially deaf did not hear the train approaching from the rear.

## SAFE CRACKERS

Attempt to Burglarize Postoffice Safe at Deshler.

An unsuccessful attempt was made at an early hour Sunday morning to blow up the Deshler postoffice safe with nitro-glycerine. When Postmaster John Vogt arrived at the office about 6.30 to distribute the mail he discovered that the building had been broken into. The safe, which is a large one and stands against the east wall, was the main object of the burglars' attention. The cracks around the edge of the door and hinges and been well filled with soap and a small opening was left at the top where the explosive was poured in. The charge was a very light one, it seeming to be the intentions of the cracksmen to give the safe several light charges, as there are no less than ten families living in the immediate vicinity of the postoffice block, and one family lives directly over the building. In this way they hoped to shatter the door of the safe with as little noise as possible.

Why the job was not finished is a matter of conjecture. A light rain fell about one o'clock in the morning and the tracks in the rear of the building were very fresh when noticed, in fact they were so plain that it could be told one of the men had on a pair of new shoes. About three o'clock the night baggageman brings the mail from the depot to the post-office and it is supposed that it was he who frightened the robbers away. Entrance was gained through a back window, which was pried up with a new railroad pick.

## FARMERS INSTITUTE.

The Four-county Farmers' Institute will be held in Deshler Wednesday and Thursday, Feb. 7th and 8th. The committee is now at work on the program, and will leave nothing undone to make this the most interesting session ever held there, and an unusual effort is being made to secure the very best talent for this occasion.

## BRADNER TO LIGHT RISING SUN.

The matter of furnishing street and commercial lighting for Rising Sun from the Bradner plant is being considered. It is claimed that Bradner can furnish the electricity and make money while the commercial lighting would pay the entire expense and still leave a profit for Rising Sun.

## DEATH OF MRS. HEILMAN

On Friday evening, January 19, 1906, Mrs. Barbara Heilman passed away at her home in Perrysburg, at the age of 71 years, 9 months and 5 days.

Miss Barbara Wittauer was born in Bavaria, Germany, April 16, 1834, and came to this country in 1852. She was united in marriage, with Joseph Heilman, June 19, 1853, at Maumee, O. They located in Perrysburg township and the union was blessed with 10 children of whom six are living—Joseph, Peter, Miss Anna, Mrs. Frank Eckel, of Perrysburg; John, of Maumee; Mrs. John Buchman, of Paulding county; one brother, John Wittauer and one sister, Mrs. Barbara Myers, of Belleville, Ill. Her husband preceded her to the other world on March 21, 1893.

Mrs. Heilman had been in poor health for several months but her last illness was of four weeks duration and she was a great sufferer, but bore her affliction with christian patience.

She was a member of St. Rose of Lima Catholic church in which her funeral services were held, conducted by Rev. Fr. Kleekamp, on Monday, at 9:30 a. m., and was attended by a large number of friends and neighbors. The remains were placed at rest in the Catholic cemetery.

Mrs. Heilman was well known throughout this locality and her death is deeply mourned by many.

## A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Comstock & Son's drug store. 50c and \$1.00. Trial bottle free.

## HELPING FARMERS

Important Move on Part of Toledo Bowling Green & Southern.

The management of the Toledo, Bowling Green & Southern Traction company is rapidly carrying out its plans to handle the products of the farms directly from the homes of the producers. Between Perrysburg and Bowling Green the company is building sidings at intervals of a mile. Many of these sidings have been completed and the company is now handling grain, vegetables, meats, eggs and poultry direct from the farm to the markets in Toledo. On the other hand, goods purchased in the city are being delivered by the railroad company to the doors of the farming community. The company has applied to the commissioners of Wood county for permission to build sidings at the intersections of all public highways and the railroad. With these sidings added to those in front of the various farms, the company will be in excellent shape to carry out this new phase of railroading. Ground for the sidings in front of the farms is donated by the owners, the railroad company receiving a quit claim deed for the same. The company has recently received four handsome new cars, which are to be used in the limited service between Toledo and Findlay.
